About Us

Our company was founded over 30 years ago with the vision to create state of the art security solutions around the world. We are the world's leading service provider for **Perimeter Intrusion Detection Systems (PIDS).** We specialize and provide the most innovative security solutions and electronic alarm systems.

The products are globally patented based on advanced technology **strain gauge pressure sensors** with the highest reliability that enable complete protection and alert for intrusion, while still being ecologically and environmentally friendly. With its unique aesthetic, compact design, it can be integrated discreetly in all structures. Our systems are designed to protect private homes, airports, government facilities, security sites, power plants, prisons and more.

Features & Benefits

- Patented
- Cost-effective
- Zero False Alarms
- Integration with all security systems
- Flexible & Durable
- Open-Design
- Aesthetic
- UL Safety Registered
- Plug ‘n’ Play Installation
- No Maintenance
- Environmentally Friendly

RF Sensor Advantages

- **Detects** Up to 99% of threats
- **Zero** Nuisance Alerts
- **Precise** location of DJI drones
- **Long range** - 1 km (Std), 3 km (Adv)
- **Best-performing** Single Sensor

D-Command Control

D-Command Control is the most advanced, reliable, intuitive, and versatile smart security management platform with **3D synoptic map** directly in your control room or phone.

Fully integrated with all your security systems:

- Perimeter intrusion security
- Thermal Cameras
- Bullet Camera
- PTZ Camera
- VMS

What Makes Us Different?

Globally Patented

Reliable & Secure

Environmentally Friendly

Aesthetic

pdfelement

D-Fence's range of unique sensors and technology are **globally patented**, guaranteeing early detection capabilities and proven reliability with the highest level of accuracy around the world. Our product is **environmentally friendly** so our customers do not have to worry about causing damage to the environment or animals. Our products are **designed aesthetically** so they blend harmoniously with its surroundings, whether it's a home, office or government facility.
